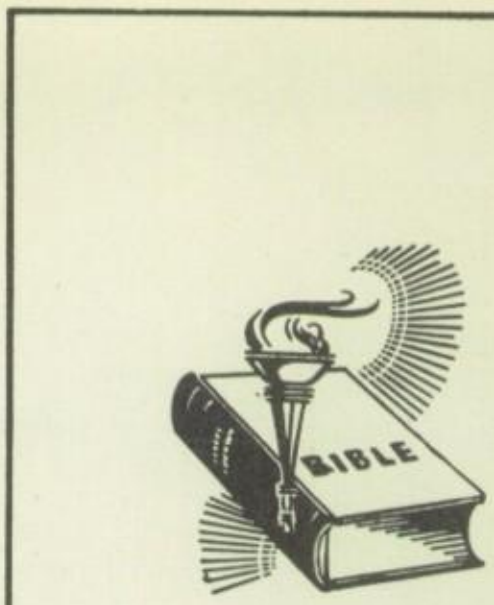
Foreword

With much pleasure we, the Annual Staff, present to you this year's edition of the PLANONIAN.

We wish to express our sincere gratitude to you, the student body and the Plano Merchants, for your co-operation and support in this school project.

In the years to come, may the pages of this book call to your minds some of the valued friends of high school days, and many other pleasant memories of the year 1953-'54.

We Dedicate



In appreciation of their untiring efforts to lead us, the young people of this community, in the paths of true Christian living, we, the Annual Staff, take great pride in dedicating this edition of the 1954 PLANONIAN to the Ministerial Alliance of Plano, Texas.

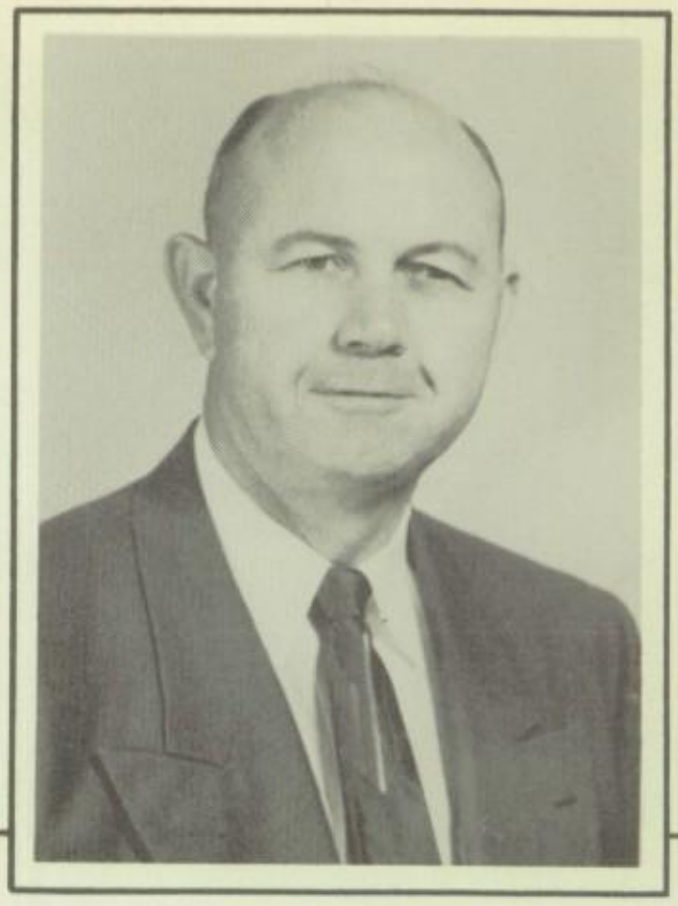
Superintendent's Message

In this world of drastic changes from day to day, it is indeed an inspiration to know that the fine young people in our schools are keeping their sense of values and are putting forth every effort to do well in their school work. As a result of the united efforts of these students and their teachers, our schools have been accredited by the Southern Association of Secondary Schools. This indicates the highest rank that our schools can obtain.

It is my firm conviction that each year our graduates are becoming better equipped to make a substantial contribution to this community and this state and are thus enabled to help further the development of the American way of life. I follow the careers of our graduates with deep interest and with the faith that their contributions to the general welfare of our nation will be extensive.

E. A. Sigler



Principal's Message

High school students have long been sensitive to the importance of mixing work and play. Here are a few glimpses of the work and play scenes that take place at Plano High School. The full view can only be experienced by those who come here.

Dear Marcia,

I don't know how to express how wonderful you had been to me. You are a very nice girl with a fine personality. I hope I have been as nice to you as you have been to me. In future years I hope you will turn to this page and say, I remember Tommie one of my pals, and smile. We have gotten mad at each other but despite that we have been good friends. Please don't ever forget our freshmen year in school and how we had to study to pass General Science. "How I hated it!" Now I'm looking forward to three more school years with you and I hope we will have lots of fun.

P.S. Don't ever forget me!! Love always,

Dear Marcia,

I can't very well put into words just how much I've enjoyed knowing you since I moved to Plano. As you have said, I will never forget those Sunday drives we used to take, ("no drivers license"). I think that you are one of the best friends I have ever had since I have go to P.H.S. and I hope it will continue that way. I think you are a swell basketball player as well as an epellent student.

I want to wish you all the luck and happiness in the future years.

I will be looking forward to most Sunday rides and all the fun I am sure we will have this summer.

Here's wishing to one of the sweetest and most likable girls I know, the best of luck and happiness through all your life.

Dear "Fish" or "Freshman,"

Marcia,

Well here we are you a freshman and me a big sofisticated Senior. We have had lots of good times togethe and I hope the future shall be as good as the past. I may sun my tasing in the ground some times, but I must say that you are a real good sport to take it. Seriously Thinking though I have enjoyed every minute of my dates with you and I hope I haven't made any of your dates with me unpleasant

If you continue with your wonderful personality and continue to be nice I don't think there is any use to wish you "Good Luck" because I think you will get all that life has to offer.

Good Luck Always,

Rutledge "Hog."

Dear Marcia,

I have always thought a lot of you, and also think you are a very sweet girl. I want to thank you so much for taking me riding last summer when I had my leg brok- Marcia, I think you will succeed in everything you will undertake. You are one of the nicest and sweetest girls I ever knew. I wonder if you remember when we first met? You know it was at Bible School. Well, Marcia, ~~Those~~ those were the good old days. Even though I am finishing school this year I hope to continue being one of your friends and that we will always be happy together. Let me say, I wish you the best of luck, and all the happiness a person can have.

Your friend always,

John Brigham

(Brigit)

To Marcia,

One of the truest and nicest friends I've ever had. We've sure had lots of fun in that blue pick-up. Remember all the bumpy roads we've flown over. We've also had lots of fun going every place we possibly could. We've never had a quarrel and I don't think we ever will. Boy, think of all the times we've been half frozen in our "monkey suits", although I wouldn't give them up if I had too. I'll always remember the trip to Wichita Falls and how sleepy we both were. I don't know which one of us has the biggest gut you or me?

I'm really looking forward to next year being with you in our "suits". Maybe Mr. Mac will let you twirll your baton down front next year. Lets hope so.

Lots + Lots of Love,

Joan

Dear Marcia,
I've enjoyed knowing you this past year. I hope we can share a lot of things together. I think you have a very sweet and likeable personality and I know you'll get along with people.
